By Midnight
Wednesday Sept. 12th

Up to midnight, September 12th, during a period of 8½ months, we sold and delivered to tire dealers more United States Tires than we sold to dealers during the entire 12 months of 1916.

This phenomenal sales increase was made notwithstanding our epoch-making sales increases of 1916 over 1915.

These record-breaking sales increases of 1917 over 1916 and our record-breaking sales increases of 1916 over 1915 definitely and finally prove three facts:

1. The supremacy of United States Tires.
2. The fact that the vast army of automobile owners who used United States Tires in 1916 are using them in 1917 on the sheer merit of their experience.
3. The fact that another vast army of automobile owners have been won over to the use of United States Tires in 1917 on the sheer superiority of our tires over other tires that they have tried.

A DEMOCRAT'S OPINION OF A BOLTER

Col. J. W. Colyer spoke in the interest of the Democratic ticket at Burnside, Oct. 10th, 1917, at 7 o'clock P. M. and among other things he said:

"I didn't come here to talk to Republicans. I came to talk to Democrats. I don't want the Democrats to bolt their ticket this Fall. If they do they can't vote in the Democratic primary next year, and we do not want you to take part in the primary next August, if you bolt your ticket next month. A Democrat that would leave his party now at a time when the party needs him and has a chance to win is a disgrace to his party. If you know of any Democrat that would stand by the Democrat party, send his name to Mr. Day the Democratic campaign chairman, and everyone will be blacklisted. I say, to H— with such Democrats. None of the Republican nominees ever voted the Democratic ticket, never did nor never will. Why any Democrat wants to vote for any of them is more than I can understand. The Republican nominees are all good men and are my personal friends. I would help them roll logs, clear up a new ground, or raise their houses, but I won't vote for them, because I am a Democrat, and never voted a Republican ticket and never will, and any Democrat that bolts his ticket is dishonest politically." We want the Republicans to read what Democratic orators think of a man who refuses to stand by his party. They think just as little of a Republican bolter as a Democratic bolter, and in the language of Col. Colyer, "Consider him dishonest politically."

"What is sauce for the goose is sauce for the gander."

FOR COUNTY JUDGE

W. A. COX

TO THE VOTERS OF ROCKCASTLE COUNTY:

This is the last word I will be able to say to you in print before the election. I ask my friends to be on guard at all times between now and the counting of the votes on next Tuesday. I feel that I have my race won if my friends and those who have so faithfully pledged me their support, do their duty and of their loyalty I have no doubt.

Voters, if you elect me Judge of your County, I shall ever demean myself, in and out of office, so that you will not regret having given me your support.

I will devote my entire time and attention to the business and welfare of the County of my birth. All shall have a square deal.

W. A. COX.

TO THE VOTERS OF ROCKCASTLE COUNTY:

It is the duty of every true citizen of this great Commonwealth of ours to vote for the best interest of his country, and the time has come that we as true citizens of our county, should vote likewise for the interest of ourselves and our children. What difference does it make what they call you, "Bolter" or what not. If the so-called party nominates a man or men you think ought not to have the office, you have a perfect right and will vote as you think best for your county. I know you are not going to be "Bossed" by no man or set of men and vote as they say, but are going to the polls on the 6th day of November and vote for the men you think and believe will and can make efficient officers. So I ask you as voters of Rockcastle County, if you believe I will make a good officer and that I will be sheriff for the people, then vote for me.

Yours for sheriff,
C. H. FRITH.

Times are hard with us, but I can scarcely afford to do without Peruna, especially during the season of the year when coughs and colds are prevalent. We again call the attention of the voters to the Constitutional Amendment to be voted on next Tuesday. So far as this county is concerned, a change in the telephone system such as is sought through the adoption of this amendment, will in no way affect us, because we only have the one system in the county. It is for the benefit of other localities, cities and municipalities which are to be benefited, by the adoption of the amendment which will permit the sale, if desired, of one telephone company to another. Those who have had the experience of trying to call up in places where two systems are in operation and when central answers gives the reply, no phone, get the other system can appreciate the importance of those having this experience every day, of having only a one phone system. The last column on the ballot appears the question: "Do you favor the proposed Constitutional Amendment?" If so vote in the square opposite "yes" and you have complied with an urgent request from Chambers of Commerce and other Civic bodies in many of the best towns and cities in the state.

BRODHEAD

Prophecy was men raised up of God in times of declension and apostasy in Israel. They were primarily revivalists and patriots, speaking on behalf of God to the heart and conscience of the nation. Isaiah is justly accorded the chief of the writing prophets during his day. Our Livingston friend is chief among prophets at the present age of the world. Isaiah prophesied that a Savior would be born. Our Livingston friend has prophesied that "Chuck" will defeat "Tip", and will be privileged the pleasure to say to us "I told you so", we are patiently waiting for the result, but want to remind our good friend of the success attained by the prophets of old—W. A. Robins, the barber, has moved his family to Corbin, where he is running a barber shop. We are always sorry to see our good people leave us.—Wm. Brummett sold a small tract of land to John C. Helton for \$225.00, and another tract to J. L. Howard for \$250.00, bought a house and a few acres of land near the old fair grounds for \$525.00.—Mrs. Myrtle Parker, of Winston, was the guest of Mr. and Mrs. A. M. Hiatt one day last week.—The heirs of the late Mrs. Jonas Brown sold a farm to Virgil Hunt, of Warburg, for \$7,000 this week.—Mrs. Margaret Halcomb sold a small tract of land to her son, G. W. Halcomb, for \$350, and he sold the same land five days afterward to Stephen Hacker, of Jackson county, for \$500, and E. L. Harris sold a tract of land to Stephen Hacker, also, for \$500.—Ed. L. N. Bowling is holding a few days meeting in Madison county.—Dr. W. P. Carter has recently made some great strides in the financial world, having subscribed for \$10,000.00 in Liberty Bonds, bought one farm at a cost of \$450.00, another at \$500.00, another for \$600.00, then bought a farm last week from Allen Hiatt, at Quill, for \$2,000.00 and a boundary of land from A. T. Furnish at \$200.00 per acre, this land will be surveyed to him within the next few days. He sold a house and eight acres of land to Allen Hiatt for \$1,000.00. Mr. Hiatt will move to this property right away and will be a citizen of Brodhead again.

Master Curtis Robins, who makes his home with his grand parents, Mr. and Mrs. B. C. Anderson, in Garrard county, is very sick and his condition is very serious. He has been afflicted since infancy with spinal trouble and

seems to have developed tuberculosis.—L. N. Bowling bought a house and lot on Main street, known as the Herron heirs property, from Chas. T. Riddle this week for \$1,000.00, and moved to it Wednesday.—Frank Catron and Chas. Riddle will move to Indiana, where they have rented a big farm, within the next few days. Mrs. Riddle and the children are now in Indiana.—Mildred Robins was the guest of her aunt, Mrs. F. J. Durham, Saturday and Sunday, at Mt. Vernon.

Misses Dora Vance, Hallie Barnes, Tempest Ward, Thelma Pilkenton, Mary Albright, Mrs. J. J. Albright and Prof. J. L. Pilkenton were among those attending the School Fair at Mt. Vernon Saturday from here.—Dave Vaughn and family, his mother and family and Harve Owens and family have moved to Cincinnati.—W. J. Owens went to Lexington first of week and brought George Delaney home, where he has been confined in Asylum for several months. Mr. Delaney's mind is somewhat improved, but his physical condition is very poor at present.—Mrs. Dick Albright is visiting her parents, Mr. and Mrs. H. L. Tharp, at Junction City, for a few days. She will soon go to Asheville, N. C. to be with Mr. Albright who is there for his health, and by the way we are glad to report that his condition is much improved.—W. A. Johnson sold nine hogs to John Cress this week for \$235.00.—A number of cars of buck wheat has been shipped from here recently, the price being \$1.25 per bushel.—John Cress was here Thursday with a nice bunch of hogs.

\$100 R. W. ARD, \$100.

LIVINGSTON

Mrs. Cleo Griffin and little son, George Samuel, are spending the week with relatives and friends at Mt. Vernon and Brodhead.—Fred Oakley has moved his family from Corbin to our city and has taken a position here as foreman in J. H. Browning's shed. We welcome Mr. Oakley and his family to our town.—Rob Cox, of Mt. Vernon, was here between trains Monday.—Mr. and Mrs. W. M. Baker, of Mt. Vernon, were here between trains Sunday.—J. N. Clark has quit the road as traveling salesman for a Knoxville firm and is back behind the counter at Drummond's store.—Less than one week is the election and everything looks so good for a victory and we firmly believe Cox for judge, and Frith and the rest of the boys go with him.—There are six or eight coal mines near Livingston, and at present there is almost a coal famine here but the consumer is mostly responsible for not laying in their coal earlier.—The Republicans will speak in several places in the county this week and they will get the party whip and try to drive all voters back in line, a great many will not be persuaded this time. Boys, let me say to you, we have a good ticket, and now is the time to elect men such as we have before you. Come out Tuesday and don't forget Cox and Frith and the rest of the ticket.—S. C. Franklin, the L. & N. watch carpenter, of Mt. Vernon, was here between trains Monday.—J. P. E. Drummond, the long man with a long name, is in the city this week.—When anyone asks about a town at a distance, after getting all information they desire, the next question will be have they electric lights. If the answer is yes, they then draw the conclusion that it is a first-class town. So you can put Livingston in that column.

Now will some one go down to our sister town, Brodhead, and talk electric lights to that town. Tell them to come up to the front and take a seat with Livingston.—Edgar S. Albright, editor of Signal, was here a few days ago and jumped on us with both feet for not writing regular and we promised to do better in the future. I look almost impossible for us to write our sentiments without getting in trouble with James Maret or our friend R. at Brodhead, but we have decided to go ahead and shoot where we aim and aim where we shoot, and if either of them wishes to take issue with us, just let them let loose their dogs and shut wide open the gate.—Bill Rider and W. H. Krueger, of Mt. Vernon, were in our town Tuesday on business.—Mrs. C. S. Griffin, Mrs. Sarah Hall and Mrs. W. M. Owens visited relative and friends at Mt. Vernon and Buckeye, Wednesday and Thursday.—Mrs. David Lamb, who lived in this county until a few months ago and moved to Jackson county near Bond, died Tuesday, and was brought here Wednesday for burial.—Tonight at midnight the war tax goes on all tickets and excess baggage and it will cost more to travel, but anything now to help whip the Kaiser.—Mrs. Lela Cass and Miss Lena McCall were here between trains Monday, en route to Brodhead.—We learned today that the highly prized potato has reached the \$1.50 mark and the crop not yet dug. At such leaps and bounds as this in price, where will Mr. Spud be by spring of the year.—W. H. Ponder, a mighty good man, who will be a deputy sheriff under Frith if elected, which we believe there is no doubt, is canvassing now and telling the voters that he is in the race and that to win.—George Omory, of Knoxville, has been with his son, J. T. Omory, for the past week.—Mrs. J. L. Hughes, of Corbin, was with her mother, Mrs. Thomas Farley, Sunday.—Mr. and Mrs. J. T. Jones and Miss Ethel Hays were in Somerset, Sunday.—G. S. Griffin has returned from Louisville, where he purchased lots of goods.—Judge G. M. Ballard, of Mt. Vernon, was here between trains Sunday.—As the writer is all alone tonight, our memory runs back to our school boy days in and around old Level Green, where we got what little education we possess. There is the place where we learned enough algebra to tell our friend it's age, but when we begin to number and name those left of that class of about forty and find so many that are gone, it makes us sad.

The hotels rank with the finest in the country, and there are many delightful old country homes, where good board and real southern hospitality are found. The fishing in St. Louis Bay and the tributary streams is excellent, many anglers finding their best sport in the little rivers and streams of the immediate interior.

Wayside Notes

Jim Maret spent Saturday and Sunday with Will Caldwell at Danville, Sunday afternoon to Monday morning he was with his sisters, Mrs. J. T. Mackley and Mrs. Mary Smith, near Mt. Zion, Lincoln county. The trip was made by auto from Winchester.

Will P. Caldwell, division engineer and Road Inspector, T. D. Humphreys both of Danville, Mississippi, were here between trains Sunday at Winchester, will enlist in the 23rd Regiment, engineering corps, and go to France.

At Round Stone Sunday we saw John Pars finishing up his "gravel platform" for use in loading that material for the highway. There are immense beds of gravel right at the platform.

All trains today are usually crowded with passengers.

The various automobile associations of the county have received more than five hundred letters, every week inquiring when tourists will be able to drive thru south east Kentucky and the Cumberlandlands over a smooth highway.

A number of lots have been sold at "Ravenwood" near Orlando, on which bungalows will be erected by non residents who wish to spend the summers in the mountains. This is an ideal locality for scenery, fine water including chalybeate and others and is not far from the Great Salt Lake from which tons of that material was taken for use in making gun powder during the war of 1812.

THE BEAUTIFUL GULF COAST

PASS CHRISTIAN NEWPORT

Pass Christian is the Newport of the Gulf Coast, and one of the most fashionable and popular resorts in the South. The town of about 2,000 permanent population, is very generally engaged in entertaining and serving the large numbers who come here, summer and winter, for recreation. Society congregates at "The Pass" at all seasons—the summer guests coming from neighboring southern cities—the winter throng from all parts of the North.

Pass Christian was named for a Spanish explorer who discovered the deep-water paps that lies close to the main shore. It is an old and much honored settlement, having been a popular resort from far back in antebellum days. Tradition associates it with the gayest of southern society and with men and women famous in high social circles of this and foreign lands; President Wilson is one of Pass Christian's recent notable guests. Its location is one of the choicest on the coast. The low-lying shore slopes upward to wooded hills, where pines and splendid old oaks, magnolias, palmettos, and a variety of tropic vegetation grow and flower and flourish luxuriantly, while fine old homes elegant modern villas and charming bungalows line the avenues and drives along the shore. Life is ever active at The Pass; there is boating, motoring, golf, tennis and fishing by day and dancing and all other indoor festivities for the evening. Christian boasts of one of the finest golf courses anywhere in the South.

Its proximity to New Orleans and excellent transportation service over the Louisville & Nashville Railroad places all the diversions of the metropolis within reach of visitors at Pass Christian, who make a day for shopping in New Orleans and return in time for dinner, which is one of the social functions at the Pass; or, remaining in the city for dinner, you can return at your pleasure later in the evening.

Across the bay from Pass Christian is the somewhat exclusive cottage resort of "Bay St. Louis, a place much frequented by residents of New Orleans, who own cottages and bungalows and come here for the water sports and the fishing. It is also popular in winter with many northern people who prefer the quiet of cottage life, with the accompanying freedom for outdoor sports, to the gay and more fashionable routine of the larger neighboring resorts.

Pass Christian and Bay St. Louis are reached only by the modern steel passenger trains of the LOUISVILLE & NASHVILLE RAILROAD.

MRS. SMITH RECOMMENDS CHAMBERLAIN'S TABLETS.

"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well.

FRANKFORT CHAMBER OF COMMERCE GOES ON RECORD FOR ONE SYSTEM PLAN

RESOLUTIONS ARE ADOPTED

Submission Passed By General Assembly With Only One Dissenting Vote—History of Competition

The Frankfort Chamber of Commerce by the action of its Board of Directors is on record in favor of and has pledged its efforts to the adoption of a constitutional amendment at the November election permitting telephone companies operating in this state to conduct competing lines.

The action of the Chamber of Commerce was taken with a view of effecting economy by eliminating unnecessary plant and giving expression in the following resolution:

Resolved, That the Frankfort Chamber of Commerce approve the adoption of the Constitutional Amendment and urge the voters of Frankfort to vote for the same at the election of November 6, 1917, and be it further

Resolved, That the President of the Chamber of Commerce be authorized to cause a committee to be appointed to investigate the situation of the telephone companies in this state, and to report thereon to the next meeting of the Chamber of Commerce.

Some of the larger cities, particularly Cincinnati, New York and Washington, early recognized that two telephone systems were an unnecessary expense to the community and never gave to more than one company a franchise for a telephone system, with the result that every telephone user in each of these cities is in direct communication with every other subscriber.

Burden in Kentucky. In Kentucky, in the early stages of the development of the telephone business, numerous small companies were organized. They did not connect, different kinds of equipment were used and the standard of maintenance was not universal, which retarded the advancement of telephone service in Kentucky.

More progressive. Nearly every community in Kentucky has, at some time in its history, experienced a telephone war that engendered hard feelings, as each side had its champion, and the public has been deprived of the convenience and economy that one telephone system affords.

The public interest is thoroughly protected under the proposed Constitutional amendment, as no purchase can be made without the consent of the city council. The passage of the bill, providing for the Constitutional Amendment and the practically unanimous vote it received in the General Assembly is evidence that it was passed in response to a widespread and popular demand for relief from present telephone conditions.

SOUR STOMACH. Eat, slowly, masticate your food thoroughly, abstain from meat for a few days and in most cases the sour stomach will disappear. If it does not take one of Chamberlain's Tablets immediately after supper. Red meats are most likely to cause sour stomach and you may find it best to cut them out.

STOMACH TROUBLE
Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard
THEBOLD'S
BLACK-DRAUGHT
recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the faded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

CHAMBERLAIN'S COUGH REMEDY THE MOST RELIABLE.
After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirstein, Greenville, Ill., writes, "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."

Man past 80 with horse and buggy to sell Stock Condition Powder in Rockcastle County. Salary \$50 per month. Address 9 Industrial Bldg., Indianapolis, Ind.

A small child of Mr. and Mrs. Henry Daily fell into a kettle of boiling water Wednesday and badly burned about the hips and legs. The little fellow is doing very nicely.

Rockcastle's purchase of the Second Liberty Bond sale totaled \$21,500, far short of the allotment. For our part we are ashamed of such a poor showing, as the amount could easily have been more than double that amount.

If our soldier boys go barefooted it will not be the fault of the War Department that has just ordered seven million pairs of shoes. That is sure some shoes, and as Billy Poynter, of Mt. Vernon, would say, it will keep their feet out of the mud."—Richmond Post-Dispatch Oct. 26.

F. P. Ellis, of the Johnson City Buick Co., Johnson City Tenn. passed thru Mt. Vernon last Sunday en route home from Flint, Mich., with three Buick cars. Mr. Ellis said that he had encountered some very bad roads in the North but found nothing that compared with the stretch between Mt. Vernon and London. After climbing Gauley mountain he said that his confidence in the Buick had increased 100 per cent.

The second game of Basket Ball of this season was played last Saturday on the Mt. Vernon grounds. The game resulted in a victory for Sue Bennett of London by the score of 25 to 8. The game was played in a drizzling rain. The only feature was a pitch by Cox, Mt. Vernon's star forward. Next Saturday Mt. Vernon faces London High School on the home grounds and are confident of victory.

The people of Lexington agreed to raise \$3,500 of the \$50,000 Dixie Highway fund to complete this Rockcastle-Laurel stretch and they have more than done that. They have already raised more than \$3,500. This shows what other communities think of the road question and it seems that it is time for this Livingston to Parkers Creek route to be surveyed so the Dixie folks can get busy and make this road for us. Certainly we should be proud to get this road as a free gift if others want to make it for us.

The Council of National Defense

With much interest we have watched the campaign of signing pledge cards by housekeepers assenting to do their bit in helping save food. We think that about seventy-five per cent of all who have had the opportunity have signed cards, while many have turned the canvassers down. Some have been impudent and took occasion to tell the solicitors they worked for their food and would use it as they saw fit, others intimate that they fear Federal officers will come and take their food if they sign cards. This is mostly ignorance, but the excuses are all so much alike it has the sound of pro German propaganda, and shows how lightly some people regard their obligations to the Government, that they did not care how they treated the girl who solicited them, or probably did not realize they were dealing with a Government official, just the same as an internal revenue man, when they had a call from these canvassers, with the shield on their arm. These women had volunteered to work for the Federal Government without pay, to help us in the time of great natural distress, and we pray that the time may never come when our people will be forced to feel the hand of the Government laid more heavily on them, but since our boys are gone to France by Selective Draft we don't understand how people at home can feel such entire freedom as some profess to feel. Call after call will be made for help and expressions, till we will know who are loyal Americans, who are selfish, and if there are any German sympathizers who they are. These are times to try the souls of people who are being baptised with the baptism of fire and loyalty to the nation and our own flesh and blood will show.

The Dixie Highway Magazine, published at Chattanooga, says: "The situation in Kentucky is most encouraging. Rockcastle and Laurel counties are in the limelight, and all Kentuckians are pushing for the raising of the necessary funds to put with the State fund of \$50,000, to complete the stretches thru these two counties so that the Eastern Division of the Dixie Highway be an open thoroughfare between the North and the South."

We are advised that the amount of private subscriptions to this fund now amounts to more than \$45,000.

SCHOOL FAIR.

No event of the year has attracted anything like the attention that the County School Fair did, which was held here last Saturday. The drizzling rain kept away more than two-thirds and even with that there were more than 200 rural school children and more than a score of county teachers. Early in the day it looked as though there would not be any of the schools represented and it was a general disappointment, for arrangements had been made for a great day in Mt. Vernon. On Friday night was the declamatory contest in which two young ladies, Miss Margaret Fish, of the Buckeye school and Miss Rosa Carter, of the Langford school, contested. The Judges Misses Bradley and McFerron and Mr. Spence gave first award to Miss Carter and second to Miss Fish. The Sue Bennett Brass band of London, eighteen pieces, under the twirlship of Prof. Decidue furnished the music and was greatly enjoyed. In fact we doubt if any musical company that might come to Mt. Vernon, would be appreciated and enjoyed as were the boys and girls of Sue Bennett who make most excellent music and demonstrate that they have had the right kind of instruction from Prof. Decidue who started the band a little over a year ago. The hit which brought loud and continued applause, was the reading by Mrs. M. K. Pennington, of London, of that familiar and favorite production, "That Old Sweetheart of Mine," by James Whitcomb Riley. Saturday morning at 9 o'clock started the basket ball game between Mt. Vernon High school and Sue Bennett which resulted in a victory for the latter of 25 to 2. The rest of the day was spent in judging and inspection of the splendid exhibits and in speech making, the principal speakers being Prof. Pilkenton Mr. Spence, County Attorney E. R. Gentry and others. Prof. Lyon who labored day and night for past two weeks to make this, the first county fair a success, was greatly disappointed that so many were kept away by the rain but is pleased with the outcome even as it was. Prof. Lyon asks us to defer publishing a list of prize winners until next issue, at which time a complete list will appear and an outline of the plan for next year's fair.

Allen Beasley, well known in Stanford, where he was born and reared, virtually dropped dead in his home at Richmond Sunday morning at an early hour. He had gotten up at the usual hour and had done some work around the home, and seemingly was in his usual health. He was found dead sitting before the fire. Heart trouble is supposed to have brought about the sudden end. He was 56 years old and is survived by his widow and four little children. His wife was a resident of Stearns, McCreary county. The Beasleys had resided in Richmond only a few months. Allen Beasley was the eldest son of Mr. and Mrs. Allen Beasley. His father has long since gone to his reward but the mother, Mrs. Mildred Beasley, whose heart bleeds because of the death of her son, resides in Lancaster with her son, James A. Beasley. The other survivors are: Mrs. W. W. Hays and Mr. J. L. Beasley, of this city, Roy S. Beasley, of Orlando, Rockcastle county, and Mrs. W. S. Beasley, of Los Angeles, Cal. The burial occurred at Lancaster Monday afternoon after funeral services by Rev. Hudson, of the Presbyterian church. Deceased was a kind-hearted, clever man and his many friends here and elsewhere are pained at the announcement of his death.—Interior Journal.

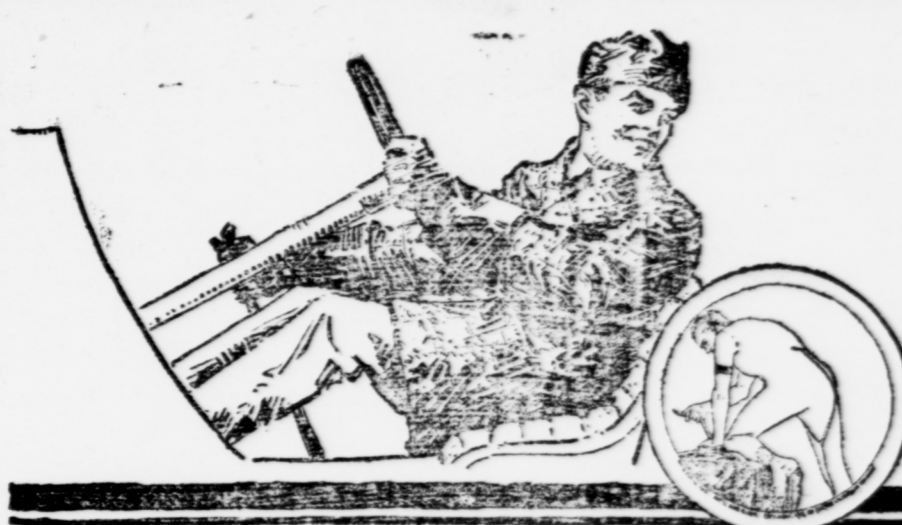

Washington, Oct. 29.—The war outlook is most favorable for the allied armies, declared Secretary Baker, in his weekly review of the situation of the allied forces on the front today.

The secretary admitted that developments of utmost importance, some of them very unfavorable to the allies had resulted from recent battles, but expressed utmost confidence in the ultimate outcome.

"The two outstanding features of the situation are the relentless British offensive in the Ypres salient, resulting in substantial gains of strategic importance, and the sudden welltimed thrust of the French north of the Aisne river," he said.

The secretary further stated that it was evident that the Allies were broadening their scope of operations in France. Regarding Italian reports Mr. Baker said:

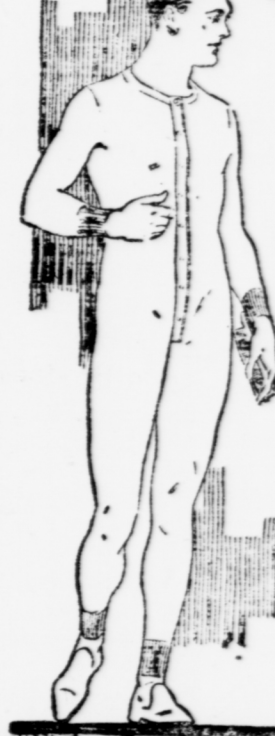

"It must be remembered that in May of last year, the Austrians attempted an onslaught similar to the present one. At that time the Austrians won notable early victories only to be driven back."

The Beautiful Gulf Coast

MOBILE, ALA.

"MOTHER OF MYSTICS"

So! "Here we Rest", according to the meaning of the word "Alabama". We are at a terminal of a delightful trip on the Louisville & Nashville Railroad.

The early explorers did well when they founded the French colonies, which were begun under the brothers de Bienville and d'Iberville.

Mobile lies at the mouth of the Mobile River, which is formed by the junction of the Alabama and Tombigbee rivers. Many products of the interior come down these rivers; cotton and lumber in large quantities is seen, and coal from further north.

Mobile harbor affords accommodation at her wharfs for both commercial and tourist traffic. The city of Mobile is some thirty miles from the Gulf of Mexico and it is a delightful sail up the broad winding entrance to this city, Mobile which has a population of 75,000 souls.

From the water's edge there is a gradual rise of the land which leads to attractive hills and ravines, upon which are located beautiful southern homes—old and new—and the shell roads are a boon to the automobilist.

There are few cities in the world which possess so many beautiful streets that might be termed boulevards—Some of them resemble small portions of Paris, France or Brussels, Belgium—as it was before the present devastation from the European war.

These streets in Mobile are lined with some Monarchs of a century of Nature's production—the grand old elm and water oaks and not a few are embellished by the hoary gray hanging moss that sways with the passing breezes. Government street is the most imposing, and branching from it are many attractive park-like streets—made beautiful through the care of up-to-date civic cooperation.

There can scarcely be found a drive more beautiful by Nature's own painting—than along Mobile Bay, by sunset in the summer time, or at Autumn it is one never to be forgotten.

Mobile is a city of education, culture and perhaps interesting conservatism, yet it is a city of true hospitality, with a touch of what remains of the old regime of French, English and Spanish. It is a city that has been "under five flags," and many of its people bear the distinctive features of their ancestors, in its many fine looking even beautiful women, and courteous "old school" men.

Mobile is fast becoming an all year round resort, with fine Hotels, and all centering around its historic and beautiful Bienville Square.

Mobile is often called "The Mother of Mystics" because she was the first to originate the "Mardi Gras," and she yearly still calls thousands to herself at that festival time.

Those desiring outdoor recreation will find it in and around Mobile, in abundance. Small steamers ply between her suburban health resorts:—beautiful Fairhope, Battles Wharf, Point Clear, Magnolia Springs, and other attractive spots; which are made more beautiful by Nature's hand, and where health giving ozone is freely given from the Gulf of Mexico.

In addition, Mobile has excellent golf links, a fine Country Club, plenty of good fishing, and automobiling over roads that cannot be surpassed.

Old Mobile is unlike any other city on the Gulf. She has her own attractions, as well as those of her surroundings. A few weeks stay there and mingling with her people cannot be but well spent. She is also a city of Clubs, and genuine hospitality. A Tourist Welcome Club, among others, heartily welcomes all visitors to this city of de Bienville and d'Iberville—Carlyle Porter.

Mobile is located in the beautiful Gulf Coast region and conveniently reached from the north by the superb steel passenger train the Louisville & Nashville Railroad.—Advertisement, 10-26, 11-16, 12-7.

GREAT RELIGIOUS FILM IN COLORS.

One gains a new conception of the dignity of the motion picture art when he sees the great Pathe production in colors, "The Life of our Savior," which will be shown at the Boone Way theatre on Nov. 7.

This seven part masterpiece was produced with a great cast and epitomizes all that is best in Scriptural visualization. The hundreds of scenes are magnificent, being a complete revelation in color work.

The settings and backgrounds were most carefully chosen and give the true atmosphere of the East. So many of the scenes are fairly dazzling in their beauty that it is difficult to tell which is the most attractive. The Wise Men journeying to Bethlehem, the boy Christ in the temple, the entry into Jerusalem, the betrayal by Judas, the denial by Peter, the Scourging and the Crucifixion are among those which stand out in the memory.

Each of the scenes is captioned by a direct Biblical quotation, making the presentation the most absorbing of its kind. The whole production is handled in a most reverent and intelligent spirit, and it has been justly called one of the half dozen greatest accomplishments of the motion picture art.
